HER LIVE BUSINESS MEN AND WHAT THEY ARE DOING.

The city of Salina was founded in 1859. It is centrally located in Saline emnty and is the judicial seat of the county. The city is beautifully situated on both banks of the Smoky Hill river nearly at the confluence of a series of valleys, which have an aggregate area of nearly three hundred thousand acres. This immense territory.upon which Salina depends largely for its support, is as fertile as any that the orb of day ever shone on. It is peopled by intelligent farmers for State Bank." whom Salina is the natural trading

The Kanstructed for a distance of 125 milefor which Salina is destined to be the distributing point. The city and country have recently voted such substantial aid to the St. Louis, Fredonia & Denver railway as to practically insure the building of that line, which is to be operated in connection with the St Louis and San Francisco, This secures to our people the competitive advantages of three great railroad systems and ranks our city as the Rail road center of Western Kansas.

And yet not alone as a Railroad center and distributing point for a vast agricultural region does our city take a prominent place. She is pecpled with an industrious and progressive populace who actively demand all modern improvements.

The city is lighted with gas and works reaching the most remote sections. Three miles of street railway running from the Union depot to the city limits furnish agreeable and rapid transit. Telegraph and telephone connections are made with all points in the state.

Elegant church ediffees, colleges, fine public school buildings, and a number of private schools; a first class Opera House; good hotels as the state affords, an efficient fire depart ment; and a targe number of sound banking institutions and important manufacturing and commercial ce tablishments go to make up a city which for thrift and enterprise is un excelled.

He has long been considered one of the safest business men in Kansas. He is ably supported in his bank here by a remarkably efficient cashler, Mr. F. C.
